MEDICAL INSURANCE

It is important to realize that all US insurance coverage is NOT recognized overseas. The student will normally have to pay for medical service, and fill out a claim form to be returned to the home company for reimbursement. It is imperative for students to know the limits of their coverage and to carry at least one claim form to be signed by the appropriate medical persons abroad to facilitate reimbursement. Unless such coverage is included in a student's separate insurance policy, each student is **REQUIRED** to purchase the International Student Identity Card (ISIC), which includes insurance coverage for emergency evacuation and repatriation, before he or she goes abroad.

NOTE: For students who are currently enrolled in the Pacific McGeorge Aetna student health plan, coverage is provided when traveling abroad during the summer, for no additional cost. However, the student must call 1-866-525-1956 before traveling, to obtain a separate card from the Worldwide Emergency Travel Assistance who provides the services.

The undersigned certifies that I have or will purchase prior to departure, health and hospitalization insurance which is applicable in countries other than the United States.

PERSONAL LIABILITY INSURANCE

Students desiring to obtain personal liability coverage may do so on a local basis, or avail themselves of coverage that parents may have with their Homeowners Policy.

SAFETY, RESPONSIBILITIES, AND MENTAL HEALTH

Safety -- Students and parents should inform themselves completely about the risks of any study abroad experience. Although we have orientation programs and procedures to deal with emergencies and crisis situations, students are asked to recognize and acknowledge the risks of any experience outside their own culture and to adjust their behavior, dress, and activities to maximize their own and their group's safety.

Behavioral Responsibilities – The undersigned is aware of the expected behavioral responsibility while participating in this program. As a guest in another country, there are certain behaviors that are considered unacceptable. The undersigned hereby assures the University that s/he shall conduct her/himself in an appropriate manner, which does not infringe upon the customs and mores of the country in which the program is being conducted, nor upon the rights and safety of the undersigned and or other participants of the program. Behavioral responsibilities shall be applicable during the course of the program both when in the company of other program participants and when the undersigned is physically separated from other program participants. The program administrator retains the sole discretion to remove anyone from the overseas program.

Mental Health – For your own welfare, we ask that if you have had any emotional or psychological problems, you consult with a mental health professional in this country before you go abroad to discuss the potential stress of study abroad. We want you to be aware that mental health treatment may not be as widely accessible abroad as it is in the United States.

I, _____ (name), acknowledge that I have carefully read and understand the above statements.
