

**Additions to the Oglala Sioux Tribal Probate Code**  
January 12, 2006

1. **Renunciation of Disclaimer of Interests:** 25 U.S.C. § 2206 (a)(3) reads: Except as provided in any applicable Federal law, the Secretary shall not approve a tribal probate code, or an amendment to such a code, that prohibits the devise of an interest in trust or restricted land to—
- (A) an Indian lineal descendant of the original allottee; or
  - (B) an Indian who is not a member of the Indian tribe with jurisdiction over such interest unless the code provides for --
    - (i) the renouncing of interests to eligible devisees in accordance with the code;
    - (ii) the opportunity for a devisee, who is a spouse or lineal descendant of the testator to reserve a life estate without regard to waste; and
    - (iii) payment of fair market value in the manner prescribed under subsection (c)(2).

Comment: The OST Code does not address the issue of renunciation and under AIPRA it must be included in a tribal probate code.

**NEW LANGUAGE FOR OST CODE:**

**Renunciation of Trust Interests to Eligible Devisee:**

*Any heir or beneficiary may renounce trust interests to an eligible devisee in accordance with this code. A spouse may retain a life estate without regard to waste. If the owner of an interest in trust or restricted land devises an interest in such to a non-Indian, the Oglala Sioux Tribe may acquire such interest by paying to the Secretary FMV or such interest, as determined on the date of the decedent's death.*

**2. Intestate Succession:**

Throughout Title III. Intestate Succession it states that an interest will “descend in equal shares to .....by right of representation.” The drafter of the Code is confused in the use of these terms “descend in equal shares” is a term used in a Will whereas “by right of representation” is the term used in determining shares for intestate succession. The first phrase should be stricken in Title III and leave in the phrase “by right of representation.”

**Section (6) reads:**

If there are no surviving spouse, children, or children of a deceased child, the interest will devise in equal shares to siblings, if they are all in the same degree of kinship to the deceased, they shall take equally, or if of unequal degree, then those of more remote degree shall take by representation, subject to the restrictions on inheritance provided in this Code.

**NEW LANGUAGE FOR OST CODE:**

If there are no surviving spouse, children, or children of a deceased child; the interest will devise to the siblings by right of representation.

### **3. Definitions**

Change the Definition to read:

*"Child" includes children of a decedent, including a child or children that have been adopted in or out of the family.*

*"Representation" delete "with respect to an intestate" at the end of the first sentence. It is not required and is confusing.*

Include Definition of Spouse:

*"Spouse" shall mean a party to a marriage recognized by any jurisdiction, including the Oglala Sioux Tribe. It shall not include a party to a common law marriage unless the marriage is recognized by the jurisdiction in which the arrangement was entered.*

Include Definition of Trust Personalty:

*"Trust Personalty" shall include funds that are deposited into the decedent's Individual Indian Money Account (IIM).*

### **4. Section 7. Trust Property Passing to the Oglala Sioux Tribe**

(a) If there are no eligible heirs ....the intestate interest in trust property passes to the OST, provided that a tribal member who is a co-owner may acquire an interest ...by paying into the estate of the decedent, ...FMV. (Fair market value).

If there are no eligible heirs, why would a co-owner pay into the decedent's estate when there are no heirs who would inherit. It should read that:

*...a co-owner may acquire the trust interest that would otherwise descend to the Tribe by paying FMV as determined at the date of decedent's death, into a fund that is established for the Tribe to purchase other fractional trust interests within its exterior boundaries of the Pine Ridge Reservation.*

### **5. Inconsistent Language in Section 9, Children of a Spouse and Relative of Half Blood and Section 6 Intestate Succession.**

Section 9 states that "Relatives of half blood take as if they were of the whole blood" while Section 6 Intestate Succession states that "siblings of unequal degree of kinship take by right of representation rather than by equally.

Under this Code, half-blood is the term used when referring to step-siblings or half-siblings.

### **NEW LANGUAGE - Relatives of Half Blood**

*Relatives of half-bloods shall not take any trust interest by intestate succession. The trust property shall remain in the matriarchal or patriarchal lines for inheritance purposes under this Code.*

**6. Section 8, Rights of Adopted Children.**

It was my understand that the Tribe wanted to include decedent's children who were adopted out of the family so he or she could inherit from a biological parent under this Code. It is a sad story when a child who has been adopted out by non-Indians returns to the reservation and are denied the right to inherit trust property from biological parent(s).

**NEW LANGUAGE - Section 8, Rights of Adopted Children**

*A child or children of decedent who has been adopted out may inherit from his or her biological parents pursuant to this Code.*

**7. Section 20. Claims Against the Estate.**

The Code states that "All claims are barred unless presented within 60 days of notice of the decedent's death, except that the time limitations for presenting claims under this chapter do not accrue to the benefit to the of any liability of casualty insurer. ...."

Paragraph (a) should be stricken and the language below inserted:

**NEW LANGUAGE - Section, 20 Claims Against the Estate**

*Claim filed by Indians may be presented at the hearing and must be filed in writing at the close of such hearing. Such claims do not have to meet the requirements that other claimants are required to meet.*

**8. Section 23 - Trust Personalty - Addition to this Section**

*(c) Any judgment funds or per capita payments shall be distributed to the lineal descendants of the decedent and not by the rules of intestate succession unless the decedent executes a Will.*

**Oglala Sioux Tribe**

**Proposed Draft – Revised Probate Code**

**TITLE I – GENERAL PROVISIONS**

**Section 1. Policy**

This Ordinance shall be referred to as the “Oglala Sioux Tribe Probate Code” (hereinafter “Probate Code” or “Code”). The policies underlying this Code are:

- (a) to preserve the land base of the Oglala Sioux Tribe, which is critical to the survival of our people;
- (b) to maximize the use and value of our lands through the consolidation of interests in land title; and
- (c) to maintain the trust land base within the exterior boundaries of the Pine Ridge Indian Reservation.

**Section 2. Purposes**

The purposes of the Oglala Sioux Tribe Probate Code are:

- (a) to consolidate fractionated interests and ownership of those interests into usable parcels;
- (b) to prevent the transfer of trust property by tribal members and other owners of trust lands upon their death, either by devise or descent, to persons who are not enrolled members of the Oglala Sioux Tribe, or who are eligible for enrollment;
- (c) to develop laws for descent and distribution of trust and restricted property within the Pine Ridge Reservation.

### **Section 3. Definitions**

As used in this code, the following words are defined as indicated below:

"Child" includes sons and daughters of an individual, including a child that has been adopted ~~according to Tribal law~~ *in or out of the family*.

"Claims" means liquidated debts or liabilities of the decedent and liquidated liabilities of the estate that arise at or after the death of the decedent.

"Decedent" means a deceased person.

"Descendent" of an individual means all of the individual's descendants of all generations, with relationship of parent and child at each generation, being determined by the definition of child and parent contained in this section.

"Devise" means a testamentary disposition of real or personal property or means to dispose of real or personal property by will.

"Devisee" means a person or class of persons designated in a will to receive a devise.

"Distribution" means the judicially-determined apportionment and division after the payments of debts and charges of the assets of an estate, among those legally entitled to share.

"Eligible to be enrolled" means a person who in fact meets the criteria for enrollment in the Oglala Sioux Tribe, under Tribal law, whether or not such person is an enrolled member.

"Enrolled Member" means a person designated as enrolled in the Oglala Sioux Tribe, as provided by Tribal law.

"Family" or "Parent" includes head of household, single parent, or the extended family.

"Heir" means a person including the surviving spouse, who is entitled, under Title III of this Code, to inherit the trust property of a decedent.

"Intestate" means that a person died without a valid will. The trust property owned by such person will be distributed pursuant to Title III of this Code.

"Representation" means a method of determining distribution in which the takers are in unequal degrees of kinship, ~~with respect to an intestate~~. It is accomplished by dividing the estate into as many shares as there are surviving heirs in the nearest degree of kinship and deceased persons in the same degree who left children or the children of a

deceased child, who survive the decedent, each surviving heir in the nearest degree receiving one share and the share of each deceased person in the same degree being divided among his children or the children of a predeceased child, in the same manner.

"Testator" means a person who has made a will or dies leaving a will.

"Trust Property" refers to real property, the title of which the United States holds in trust for an individual Indian, subject to federal restrictions against alienation (sales or lease without approval) or encumbrance. This definition includes surface and mineral rights.

"Will" means an instrument validly executed as required by Title IV. of this Code, that disposes of an individual's estate at death.

## **Section 7.**

### **Trust Property Passing to the Oglala Sioux Tribe**

(a) If there are no heirs eligible to take pursuant to this Code, the intestate interest in trust property passes to the Oglala Sioux Tribe, provided that a Tribal member who is a co-owner of the tract may acquire an interest that would otherwise descend to the Tribe by paying into the estate of the decedent, before the close of probate, the fair market value of such interest in land. - (1) All parties to the compromise are fully advised as to all the material facts;
- (2) All parties are fully aware of the effect of the compromise upon their rights;
